At the Western most boundary of the Lands Between stands the magisterial fortress of Ironwood, the stronghold of the Light Clan. The Light Clan, who have ruled the Lands Between for a thousand years, are a race of Elden. The Light Clan's royal bloodline is thought to have ended during the mortal war between Elden and the underworld's lord. Even now, the Light Clan enjoys a benevolent monarch who governs the Lands Between with the Elden's ancient laws and religion. Among the most renowned Elden Lords, is the Elden King, who is the last descendant of the Light Clan. While the Light Clan has mastered the power of the Elden Ring Torrent Download and brought tranquility to the Lands Between, they have also been an object of curiosity to outsiders since ancient times. As the Lands Between's natural guardian, the Light Clan is always secretly watching over the Lands Between and is prepared to defend the Lands Between with their lives. As the lands' defender, they are ready to deal with anything should the need arise and welcome all who wish to protect the Lands Between as their allies. Their conflicts with the outside world remain largely unknown to the outside world, who are led to believe that they have been neglecting the defense of the Lands Between in recent times. Initial Trailer Released for Tarnished Prince

Above the Sandwiches is showing off The Tarnished Prince ahead of its May 30 PC, Xbox One, and PS4 release. The new fantasy RPG is the direct sequel to 2003's Super Smash Bros. For Wii and has a release window for NA and EU on May 30. As with other Smash Bros. the battle system is based around a float system and the game includes a Wii-mote. What sets this game apart is the player's ability to define how they progress through the story as either a protective guardian, a powerful warrior, or an unabashed thief. The game is currently listed as featuring 50 free missions as the intro missions available to anyone who pre-orders the game on GameStops. While above the Sandwiches doesn't own any pre-orders, the press release does mention a couple of things: the high-fantasy setting of the game is told in multiple points of view, which leads to unique perspectives on the story, and that in addition to the action of a melee combat game from the original Smash Bros, Tarnished Prince will have stealth and other tactics.
