But what about "I can't enter the warface (from a PC) writes (authorization error)" did you even read what I wrote about 5 days back ... Warface - Authorization error. And now, after the next update of the game, when trying to authorize, it says: Authorization error. Solution: 1. Authorization error in Warface. I can't start Warface and in the launcher it says: "Authorization error. How to fix? Authorisation Error. Solution. Solution to the problem. Solution to the problem.
