My Bible Information Manager (formerly My Bible Study Application) [Latest]

My Bible Information Manager is a comprehensible and efficient software application that allows you to study the Bible for a better understanding. A clear and intuitive interface When you first open My Bible Information Manager, you come face to face with a simple and comprehensible graphic user interface consisted of a window which includes a few tabs with the main features of the application. Clicking on any study guide document will bring up a new window that can be resized, in order to easily read the entire file. A collection of insightful religious documents My Bible Information Manager puts at your disposal a few very well-researched documents about religion, God and the Bible, offering you new perspectives and answering a multitude of specific questions. This application allows you to add your own documents and sub-documents and save them in My Bible Information Manager's database, for easy access in the future. To each of the main documents, you can add your own topics with a short description, so you can contribute to the database. In order to add new topics and documents, My Bible Information Manager provides you with a quality built-in text editor, where you can format your text, add bullet points, change the fonts and colors, insert web links or even save and print your document. Easy to use project and tasks manager My Bible Information Manager also offers you the capability to create a list of projects and tasks that need to be completed. You can add the name you wish and a short description to let you know what is the specified task about, and you can also set the priority and the status. A useful and comprehensible Bible study helper and time management tool My Bible Information Manager proves to be an efficient and intuitive Bible study helper, providing you with many well-researched documents about religion and the controversial questions that surround it. My Biblical Commentary is a blog for Christianity in the modern world, it contains articles and commentaries, linking to topics of church life, society and God's Word. What's On Last Sunday, my brother was attending mass in a church in Preston. As usual there was a short service as a young boy announced the announcement "Jesus wants me to come to his birthday party. He's going to give me a gift, but its a surprise what he's giving me." This got a chuckle from the congregation – thanks to the extravaganza of the morning that we'd had, a house soaping
