operating systems. So this. Windows  
Operating Systems: Windows 7 SP1, 8, 8...

Windows 10 Pro Product Key Generator  
%100 Working [64 & 32-bit]Â .Q: How to

compare files and folder and get result  
back in listview.? I have a scenario like i  
have the image and mp3 files and i want  
to compare the image size and mp3 size  
and the result should come back with an  
result that either image is very big or mp3  
is very small. I googled but can't find

solution for my problem. A: As per as I  
understand you want to compare the size  
of two file using listview. You are going to

do something like this. private void  
btnCompareFiles\_Click(object sender,  
EventArgs e) { ListViewItem item = new  
ListViewItem("Select Size"); item.SubItems  
.Add(selectedFile.FileSize.ToString()); item  
.SubItems.Add(selectedFile.FileName);

```
lvFiles.Items.Add(item);  
CompareFile.Add(selectedFile); } private  
void CompareFile_Add(object sender,  
EventArgs e) { ListViewItem item = new  
ListViewItem();
```

```
item.SubItems.Add(selectedFile.
```
