trains. these three trains are in addition to the existing u2, u6, u7 and u8 in the game. the scenario is ideal for all beginners and for train lovers with a wide range of needs. more than 65 km of track are included. if you like this mod please take a moment to leave a review on the steam store: >included

---

scenarios: a total of 24 scenarios for the frankfurt u-bahn (u3, u4 and u5). total length of included scenarios: 65 km. i will be honest and say i always thought the u-bahn was a sort of boring experience. i always found it to be very slow and the stations always looked like they needed a lick of paint. i never expected to

---

enjoy the u-bahn in train simulator but i did and i found it to be so much better than i expected it to be. this add-on has included the u3, u4 and u5 trains and has recreated the stations to look like how they really do look, the trains are beautifully made and the scenery looks great. overall i am very happy with the add-on and it

---

has been a real eye opener and made me appreciate the u-bahn in a new light. i have tried to get some time in the new season to play it and i have not been disappointed, the 3d graphics are stunning and the train is very easy to control and manoeuvre. 5ec8ef588b
