I really enjoyed this movie. Yes it has cliches, but what movie does not, and it was worth the five dollars. There was lots of action with lots of humor. I remember both when I first heard about this movie and when I first saw it. I've been a fan of the series since my younger days. Kickass had some good action, though more action should be added. While we would have liked to have seen Hit Girl be part of the action, it was still a good movie. I'd give it 8 or 9 stars out of 10. This film is so funny and it has twists and turns in it that you cant help but to enjoy this film. I loved the storyline that we got to read about it. Kickass has a love/hate relationship with the wonderful city of Metropolis that Superman has created. If you are into super hero movies, then make sure you rent this film. I give it a 9.5/10. The movie I watched was called "Kick-Ass 2". This movie is about a high school girl who is diagnosed with cancer and is given three months to live. Instead of sitting back and accepting her fate, she decides to take the place of the high school bully who's been terrorizing her for years and learn to kick some butt. I thought this movie was fun. It was a little slow in parts, but overall, it was a lot of fun. I thought it was very violent, but I guess this is what we get nowadays. I give it 7 out of 10. Kickass 2 is a terrible sequel, and it unfortunately continues a string of films like this. The story is hollow. The line about surviving cancer is too trite. From what I heard, the character development for Hit Girl was very poor as well. She is needlessly killed. She becomes a villain after we saw her in the first film. The love story doesn't work. The villain doesn't seem to have been developed enough. The hero and the villain are not antagonistic enough to keep the action fresh. And then, of course, there's the stupidity of having a supervillain with no disguise and revealing the secret identity of Hit Girl. This movie is just awful.

a teenager from an unfulfilled and dysfunctional family sets out to start his own crime fighting team to start his own career and fulfill his destiny. "kick-ass" begins as a group of teenagers chosen to lead a new crime fighting team to combat crime and crime fighting on the streets of new york city. but as the crime fighting team gains new members and a leader, their ranks are soon decimated by a vicious cancer leading to the end of their lives. the first rule in social media is to know when and when not to use it. people post their internet and social media usage for their employers to see. if they admit to you or yourselves that you are time-starved, so to speak, you will most likely be given the brush-off. i will call it bragging. you can have loads of friends on fb, yet no one has time for them. don't be that guy. chat with them a few times and make sure they feel special about your friendship. wait, there's something i forgot to add. if you're friends with someone on the internet, you should "friend" them in person as well. same for twitter and all those types of sites. make sure you go get "best friends before breakup" by drake. it's okay to call them first, just don't do it the way that girl who had a crush on me did it. she didn't say anything. she just waited for me to show up. as soon as i got there, she said, "i thought you forgot about me." and i told her, "of course not. i was just busy with work and school stuff." i don't know what happened to her after that because i never saw her again. parents need to know that the overly entitled character of kick-heart is a pair of kids who feel so entitled to other people's property that they try to rob people's houses. despite having little education or experience, their line of work requires no actual physical or mental skills, and they're seemingly immune to the consequences of their actions, but the families they've attacked and terrorized have a violent response, including physical, a lot of yelling, and.. a lot of shooting. any shot fired by a human carries a potential danger of hitting a person, but the characters toss bullets in all directions. there are also a few threats of violence against children, including some to the face. 5ec8ef588b
