Features Key:

Requirements: Android

It's time to begin on the next leg of your journey! Once you have retrieved the item from the Saira shrine in Xidian City, a portion of the Gangplank Monument from Houlin Temple will appear on your map and be marked with a red X. Depart on foot to the Dragon Precinct to claim the item, clearing a path along the way with the Player's Cleared Domaine deduction and use area.

The uniform will also be available in the Dragon Precinct after completing Chapter 4: On the Front Lines!, Chapter 5: Forging the Sword of the Three Countries, and Chapter 6: North of the Topaz Ocean.

Note: The uniform will not be available in the North of the Rainy City zone, in the Saira shrine at Isshiki Village, nor in the Saira shrine at Xidian City for the remainder of the main quest.

Key Feature 2

A new second key feature is allowing you to edit the uniform color and name of the uniform. You can also edit the button size, button border, button overlay, and button background.

Key Feature 3

New third key feature enables you to add a photo of yourself on the uniform's face. Just like with the other key features, you can edit the uniform color, edit the button size and the other buttons' information. You can also edit the scale of the uniform.

How to use the Uniform

You can access the uniform editing UI in the game through Touch UI. Simply tap the uniform's uniform icon on the touch UI by tapping on the uniform name, and you will see the uniform editing UI pop up.

To edit the uniform color: After tapping on the uniform color icon, you will see a color picker appear. Just tap anywhere on the uniform color overlay button on the uniform icon to select the color you want to use for the uniform.

To edit the button size: After tapping on the uniform button icon, a group of uniform elements will appear at the bottom of the uniform. Just drag the uniform button up or down to make it smaller or larger. You can use the menu buttons to select the text size and font you want

What's new:

Ver. 1.0 (2013) 11/16 Started on October 18, 2013 and ended on November 16, 2013, the "Thors" fashion contest asked to determine the best costume for their main character, Cold Steel III. Note that there were two costumes shown in this topic and both costumes were similar. Most of the drawings showed Tal Ha'fêr cosplaying as Thors while the other costumes were the student's costume. The winner costume was Narsha. However, Thors' new uniform was also designed by House Shingeki and its outfit was designed by Motoko Shimomura.
